

## Special Notice from Muskegon County Solid Waste

The purpose of this notice is to inform everyone of maintenance to the scale at Muskegon County Solid Waste and the continued acceptance of waste during this maintenance period.

The scale will be unavailable beginning Monday December 7, 2009. It is anticipated that the maintenance will be completed no later than Friday December 11, 2009.

Waste will be accepted during this period and charges for disposal will be based on load estimates given to the scale operator by the truck driver. If the truck driver does not have a reasonable estimate, the scale operator will charge the average waste tonnage for the vehicle/container as averaged from waste receipts.

Thank you for your patience as we service the scale to ensure continued accurate operations.

If you have any questions, please call Gregory A. Leverage at 231-724-6003.
